

加賀守

"KAGATOBI"

Founded in 1625, Fukumitsuya Sake Brewery produces only Junmai Sake.

"Kagatobi" was the name of the feudal lord fire squad. They were extremely popular and considered to be cool fire-fighters although they were also notorious for their short temper. This spirit is the concept of the brand; crispness is the key feature. KAGATOBI tasting events with the brewers from Japan will be held.
